

A LEGEND RETIRES

**AUST/DKBR/DK CH Bryan Vom Haus Mecki IPO3 SchH3
(Imp NWY)**

by Karyn Worth

Bryan was imported in 2004 by Amanda Russell from Vanrusselhof kennels and little did she know what an impression Bryan would make on the Dogsport scene here in Australia. Only a few weeks out of quarantine and Bryan was entered and won the 2004 AUSC Grand National Champion title. People in Australia had never seen a dog move across the ground and hit as hard and fast as Bryan. This evoked a passion for Malinois and the craze began! Within 4 years Malinois numbers in Schutzhund clubs across Australia rose from virtually non existent to dominating the sport at around 70%. In 2006 Bryan took out AUSC IPO III National Champion and in 2007 travelled with Reg Worth to France to compete for the second time in a World Championship! They returned after successfully representing Australia and in 2007 again took out IPO III AUSC National Champion.

Reporting out - Protection**

2008 was to see Bryan retire but we knew he had it in him to take out another title, so we entered him. This competition saw Bryan win the AUSC Grand National Champion Title for the second time and become a legend in Australian Dogsport as no other dog has ever won this title more than once.

**2008 AUSC GRAND
NATIONAL CHAMPION**

Bryan now passes the batten on to his sons to carry on his successes and so far they are not letting him down. There are two sons on the Australian IPO scene proving how good a producer Bryan is, Vanrusselhof Krueger IPO 1 and Schutzshep Dax IPO 2, these young dogs have been turning heads where ever they go. Also making an impression is a Bryan daughter who has her CD title in ANKC Obedience and all going to plan will have her BH at the December BSDC Trial. This will set the scene for the start of her IPO career.

Schutzshep Dax IPO2

Father and sons

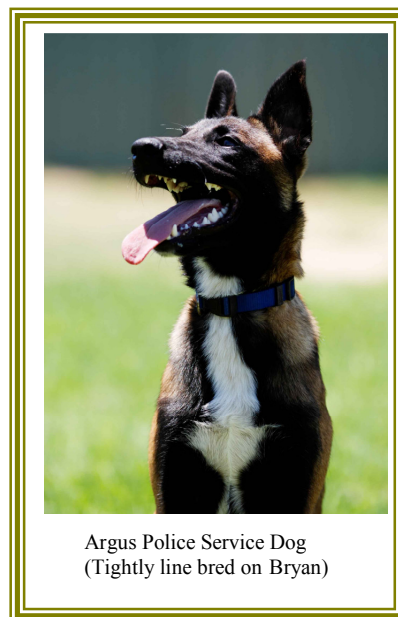

Of course Bryan's sons and Daughters are not only sport dogs he has a number of sons in the Royal Australian Airforce, the Western Australia Police Service, Security & Obedience/Agility homes. That's just here in Australia, before Bryan came to Australia he was the number #1 stud dog of the world famous European Malinois kennel "Daneskjold", renowned for consistently producing some of the best working Malinois in Europe. In fact Bryan's litter brother is a police dog with the famous Nordrhine-Westfalia Police and many of his sons have gone on to have successful service and dogsport careers.

Chisel - Military Working Dog
